Literacy

In narrative texts the children will cover a range of stories from other cultures. Non-fiction includes reading and writing holiday brochures and fact files on different countries, through looking at newspapers and magazines. The children will also complete writing tasks linked to their work on Passport to the World. In speaking and listening, children will take part in drama, role - play and hot -seating activities. They will also have the opportunity to present their work to others, where appropriate, using ICT. Regular phonics sessions will consolidate work covered in Year 3 and will begin to look at more complex spelling patterns and their applications.

Numeracy

The children will add and subtract mentally pairs of two digit numbers. They will be encouraged to explain their methods orally. They should learn the multiplication facts up to 10 x 10 and be able to derive the corresponding division facts. They will be encouraged to analyse and interpret the data in tables, diagrams, tally charts, pictograms and bar charts, using ICT where appropriate. They should choose and use standard metric units and their abbreviations when estimating, measuring and recording length, weight and capacity.

Archibald First School

Year 4

Autumn Term 1
