

Recovery Premium Funding Summary

Academic Year 2022-23 Recovery Premium

Purpose

The recovery premium grant is part of the government's package of funding to support pupils whose education has been impacted by coronavirus (COVID-19). It is a time-limited grant providing over £300m of additional funding for state-funded schools in the 2021 to 2022 academic year and £1bn across the 2022 to 2023 and 2023 to 2024 academic years.

It is focused on pupil premium eligible pupils and pupils in specialist settings such as special schools, special units and pupil referral units (PRUs). This is because of the additional impact of the pandemic on these students. However, schools can use it to deliver evidence-based approaches for supporting any pupil based on an assessment of individual need.

Pupil eligibility and funding rates for academic year 2022 to 2023

Pupil eligibility

Recovery premium allocations for all eligible schools will be based on pupil premium eligibility:

- pupils who are eligible for free school meals (FSM), including eligible children of families who have no recourse to public funds (NRPF)
- pupils who have been eligible for free school meals at any point in the last 6 years
- children looked after by local authorities - referred to as looked-after children (LAC) and children previously looked after by local authorities - referred to as previously looked-after children (PLAC)

Funding rates

Recovery premium allocations will be calculated on a per pupil basis, based on the following rates:

- £145 per eligible pupil in mainstream education

We have included a minimum payment that we refer to as a 'floor' to ensure that:

- an eligible primary school will not receive less than £2,000

As with pupil premium, funding for looked-after children will be paid to the local authority and should be managed by the [virtual school head](#) in consultation with the child's school. See the [coronavirus \(COVID-19\) recovery premium allocations and conditions of grant 2022 to 2023](#) for further information.

Using recovery premium funding

Schools should spend this premium on evidence-based approaches to support pupils. In line with the [Education Endowment Foundation's pupil premium guide](#), activities should include those that:

- support the quality of teaching
- provide targeted academic support
- deal with non-academic barriers to success in school, such as attendance, behaviour and social and emotional support

Like the pupil premium, schools can:

- spend the recovery premium on a wider cohort of pupils than those who are eligible for the funding
- direct recovery premium spending where they think the need is greatest

Funding for looked-after children should be managed by the local authority virtual school head. They should work with schools, including the designated teacher, to decide how to use the funding effectively to support looked-after children.

Menu of approaches

As with pupil premium, schools must use their recovery premium on evidence-based approaches to support pupils. A ‘menu of approaches’ has been developed to help schools to use both grants effectively. Any activities funded by recovery premium (or pupil premium) must align with the ‘menu’ from the start of the 2022 to 2023 academic year. It can be found on page 7 of [Using pupil premium: guidance for school leaders](#).

The menu includes tutoring, but recovery premium conditions of grant for the 2022 to 2023 academic year state that schools must not use the grant to meet their portion of the costs of tuition provided through the National Tutoring Programme (NTP). Schools should meet those costs from other sources of funding, including pupil premium. Recovery premium is additional funding to provide further education recovery support on top of the subsidised NTP offer.

Reporting and accountability

Schools must show they are using their recovery premium effectively:

- by reporting on their use of recovery premium as part of their [pupil premium strategy statement](#)
- through [inspections by Ofsted](#) - inspectors may discuss plans schools have to spend their recovery premium funding
- by declaring that they have spent the funding in line with the conditions of grant (including that it has not been spent on NTP) and can demonstrate this upon request - a tick-box declaration will be added to the 2022 to 2023 year-end statement for NTP

2022-2023 Financial Year Recovery Premium Funding

September 2022, December 2022 and April 2023 Payments

Pupil Numbers	Provisional allocations for academic year 2022 to 2023	September 2022 payment	December 2022 payment	April 2023 payment
36	£5,220.00	£1,341	£1,269	

June 2023 Payment

Pupil Numbers	Allocation based on Oct 2022/Jan 2023 School census	June 2023 payment
