

# Our Prospectus

Your introduction to Archibald First School

### Dear Parents,

Welcome to Archibald First School where we provide a happy and caring atmosphere in which our children learn and develop, as individuals, to their full potential.

To achieve this, we provide a safe and welcoming school in which pupils, their families, staff and visitors feel valued and involved. A place where we establish a relationship between home and school, based on trust, shared knowledge and mutual respect.

At Archibald, our team of enthusiastic, experienced, and dedicated staff work collaboratively to ensure that we provide the best possible education we can offer. Together, we strive to make learning fun for everyone, deliver an enriched curriculum, and support each child's journey – socially, physically, emotionally and academically.

It is our vision that all our children leave Archibald as curious, caring, creative, and courageous children, ready to explore their world further in the next phase of their lives at middle school.

This prospectus will provide you with some information about our school, and we hope that you find it clear and useful. If there is anything you would like to discuss, at any time, you only have to ask or arrange an appointment – everyone is welcome.

We look forward to working with you and your family in the years ahead. Yours sincerely,

R. Turner

Rebecca Turner Head Teacher

### Admission Procedure

For up to date information on our admission procedure and registration please visit the school website.

Children remain at our school until the end of the Summer Term of the school year in which they turn nine. They then transfer to the Middle School of your choice.

## Having fun, learning together.

At Archibald First School, we are;

### Curious Learners who...

Ask questions, enquire, process, reason and evaluate
Generate ideas and look at things from different angles
Make connections in our learning and connect our ideas in imaginative ways
Are well-informed about the world around us

### Caring Learners who...

Care about ourselves, others, and the world around us
Are respectful, tolerant, aware, and empathetic
Take ownership of our actions and behaviour at school and beyond
Work together to share ideas, listen to others and consider other possibilities
Celebrate differences and the diversity of our world
Consider other people's feelings and listen to each other's opinions
Care about the world's management and sustainability

#### Creative Learners who...

Are imaginative and innovative
Develop creative thinking skills
Are able to discuss critically, solve problems and make well-informed choices
Investigate and experiment with new ideas

### Courageous Learners who...

Have self-confidence and high self-esteem
Have a desire to try new things
Are determined, adaptable and resilient
Are able to use our voices to articulate our points of view and to challenge issues we perceive as unjust

### Our School Rules

Our school rules adhere to the vision and values of Archibald First School. These are:

- We are ready
- We are responsible
- We are respectful
- We are safe

Each rule applies to every member of our school community and promotes the positive behaviours we expect.

### Staffing

Archibald has a dedicated team of teachers, support staff, administrative officers, mid-day supervisors, a family support advisor and premises staff.

The staff work collaboratively together to ensure that we provide the best possible education we can offer for every child.

To find out who we are, please visit the school website.

### School Leadership Team

Together the Head Teacher, Deputy Head Teacher, Early Years, Key Stage 1 and Key Stage 2 Leaders and our Special Educational Needs and Disabilities (SEND) Leader make up the School Leadership Team.

### Teaching Staff

Every class in school has a main class teacher. The children will work with both members of teaching staff in the year group.

### Support Staff

Our team of highly skilled support staff work throughout the school. They have a main year group in which they work. In addition they may support children on a 1-1 basis and deliver high quality interventions.

### Administrative Officers

Our office staff are often the first to be able to help with any questions and queries.

### Family Support Advisor

Our Family Support Advisor is here for the children and families of Archibald.

Contact details are on our school website.

# Governing Body and Further Information

### Governors - who are they?

The Governing Body consists of parents, members of the local community, teaching and non-teaching members of staff and representatives of the Local Authority.

### What do they do?

Their role is as a critical friend for the school. They meet regularly to discuss school business and they help with all aspects of the running of the school including interviewing and selecting staff, discipline procedures and finance.

### Can I become a Governor? Yes.

Parents elect Parent Governors who serve on the Governing Body for a period of four years. If you are interested in becoming a Parent Governor please contact the Head Teacher for details.

### Archibald First School's Governing Body

Information about the members of our Governing Body, and their roles, can be found on our school website.

### Gosforth Schools' Trust

Archibald First School is one of eleven schools in Gosforth that have joined together to form a Foundation Schools' Trust. The aim of our Trust is to work collaboratively to provide effective and supportive quality education for every child in our schools.

As a group of schools we have always worked closely together and look upon creating the Gosforth Schools' Trust as an opportunity to formalise our arrangements whilst maintaining our individual identity. Further information about the Gosforth Schools' Trust can be found on our website.

To enhance our curriculum, pupils take part in a variety of visits and experiences. On joining Archibald, we ask parents for written permission for all school visits and experiences.

A letter providing information about these visits or educational experiences is always sent electronically.

### **Charging Policy**

Parents are asked to contribute towards the expenses for visits and experiences, and in many cases, school subsidises the cost.

Unfortunately, without these contributions, visits and activities cannot go ahead.

Parents of children eligible for free school meals (FSM) are not asked to make a financial contribution.

Please note that eligibility for free school meals is related to income and is different to Universal Infant Free Schools Meals.

Within the letters regarding the visits or experiences, we outline how the contributions are used.

### PTFA

All parents are automatically members of Archibald's PTFA and there are plenty of opportunities for involvement in fundraising, social activities and events.

As a welcome to Archibald, all new pupils receive a school backpack from the PTFA.

### Mutual Respect

We welcome our families and visitors into our school. At all times, we will act to ensure Archibald remains a safe place for our children, our staff, our families and our local community.

The staff and children at Archibald are committed to treating everyone with mutual respect, to being polite and to using good manners.

Our families and visitors are asked to do this as well. Please speak politely to all members of school staff at all times.

The safety and security of pupils, staff and visitors is our highest priority.

We will not tolerate violent or abusive behaviour or language. Visitors behaving in this way are likely to be removed from the premises and further action will be taken which may include prosecution.

We request that adults do not use mobile phones when they are on the school premises. Dogs must not enter the school site.

### Further Information

Our website contains a vast amount of information about our school including our key school policies.

A paper copy of all policies can be requested via the school office.

# Attendance and School Clothing

### School Hours

School Doors Open: 8.45am

#### Key Stage 1

Morning Session: 8.55am - 12.00pm

Breaktime: 10.45am - 11.00am

Afternoon Session: 1.00pm - 3.15pm

Key Stage 1 have a short break in the

#### Key Stage 2

afternoon.

Morning Session: 8.55am - 12.15pm

Breaktime: 11.00am-11.15am

Afternoon Session: 1.15pm-3.15pm

Assembly: 2.55pm

### Punctuality

Arriving for school on time is important and all children, including those in Nursery, must be in school by 8.55am.

Lateness is carefully monitored by the school as every minute counts.

Did you know that being late by 5 minutes a day results in 3 whole school days being missed?

It is also very unsettling for the children arriving after their friends and by missing the start of the school day they often miss vital teaching input.

### Attendance

Good attendance is essential and children should be in school every day that they possibly can.

School monitors all attendance on a weekly basis.

Children with attendance of below 97% will be monitored.

On a termly basis, the Attendance and Welfare Panel also oversees attendance.

Parents of children who are persistent absentees will be invited to agree upon a Parenting Contract. In instances where the Parenting Contract has not been honoured, Legal Monitoring, through the Local Authority, will be put in place.

### Term-Time Holiday Requests

Parents must request permission from the school to take their children out of school during term time.

Forms are available from the school office and must be submitted in advance.

Holidays in term time will not be authorised.

Please contact the office to make an appointment to discuss any term time holiday requests with the Head Teacher.

### Absences From School

Please let us know as soon as possible if your child is absent. It is important to contact us via telephone and give the reason for your child's absence.

Failure to notify the school of absence is recorded as an unauthorised absence and a truancy record can soon build up.

#### Authorised absences include:

- Genuine illness
- Hospital and Dental Hospital appointments (The original letter must be presented to the school office)
- Family bereavement

#### Unauthorised absences include:

- Birthdays
- Term time holidays
- Unnecessary visits and shopping

Routine medical and dental appointments will not be authorised as these should be made within the school holidays or for after the end of the school day.

A list of school holidays is sent to parents at least once a year and is available on the website.

Leave of Absence may be authorised in exceptional circumstances at the discretion of the Head Teacher.

### School Clothing

The school has a uniform of red sweatshirts, plain navy trousers, pinafores or skirts with white polo shirts. Red and white checked summer school dresses may be worn in the warmer months. Jeans, striped tracksuit bottoms or combat trousers are not allowed.

School shoes should be plain and dark in colour, appropriate to the age of the children and provide adequate protection for your child's feet. Football shoes and trainers, irrespective of the colour or type, are not allowed.

School sweatshirts and PE t-shirts should have the school logo on. All other items can be purchased with or without the school logo.

There is the option to purchase a PE hoodie with the school logo for PE days only. No other hoodies may be worn for school.

Items with the school logo can be purchased from Tots to Teams at Kingston Park and Ciel Uniform in Gosforth. School hosts uniform swap shops each term.

Only the wearing of stud earrings and a watch is acceptable in school. Earrings must be removed on PE days and for swimming. The hair styles of both boys and girls should not cause distraction. Dyed colours, shaved swirls or Mohican type styles are not permitted.

The Governing Body will accept no responsibility for injury caused by a child wearing any jewellery. Staff cannot be responsible for the removal and replacement of earrings etc. The school will not be held responsible for the loss of any jewellery on school premises. Please note that children with long hair should make sure it is tied back for health and safety reasons during PE lessons.

### The Curriculum

We have developed our curriculum to meet all of the objectives of the Primary Curriculum 2014. The needs of all learners are met through engaging and inspiring topics.

Reception Baseline assessments take place throughout September and the Phonics Screening Check for all Year 1 pupils is carried out in the Summer Term. The Year 4 children complete the Multiplication Check in June.

A range of other assessments are carried out throughout the year for all classes, in order to secure progress in learning by your child.

Our curriculum is enriched by visits and other opportunities which ensure your children receive a broad and balanced curriculum that prepares them well for lifelong learning. We include the teaching of a modern foreign language, Spanish, from Early Years to Year 4.

### Extra-Curricular Activities

We hold a variety of clubs offering a range of enrichment activities including cross country, art, coding, football, multi-skills, violin, dance, cooking, and taekwondo to name but a few.

We have an Eco Group 'Planet Protectors' that meet regularly to ensure awareness of our local and global environment.

The School Council meet on a regular basis giving the children a voice and involving them with the decisions made in school.

Our Family Support Advisor provides a range of courses aimed at adults or families. Information about these activities is on our website and is sent electronically. This enhances our Families & Schools Together focus.

### Relationship and Sex Education

Effective, age appropriate, Relationship and Sex Education (RSE) is essential if our pupils, as they grow, are able to make responsible and well-informed positive decisions about their lives.

We teach RSE as part of the Personal, Social, Health and Economic Education (PSHE) element of the curriculum. Elements will also be covered through Science, Religious Education and Digital Literacy sessions.

This enables us to present RSE as part of a child's full and rounded development. Within Early Years, RSE would feature within Personal, Social and Emotional Development.

Relationship Education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

More information is available on the Key Policies page of the school website.

### Religious Education

Religious Education is taught from the Newcastle Local Authority's agreed syllabus.

Through the teaching of Religious Education we develop children's awareness and knowledge of the different religions, cultures and beliefs.

This supports our children in being caring individuals and responsible citizens who are understanding, tolerant and accepting.

### Sporting Aims and Provisions

Physical Education provision is appropriate to the age of the child. Sporting activities include football, cricket, tennis, multi-skills, dance, gymnastics and swimming.

Our aim is to encourage children to enjoy taking part and developing team spirit, not simply winning at all costs.

We work closely with the Newcastle PE and School Sport Service who provide professional development for our staff and challenges for our talented pupils. Part of their remit is to teach PE and help our children participate in a wide range of sporting events which promote a healthy lifestyle and opportunities for competition.

## Welfare

### of our pupils

### Safeguarding

Our school recognises our moral and statutory responsibility to safeguard and promote the welfare and wellbeing of all of our children.

We endeavour to provide a happy, safe and welcoming environment in which every individual is respected and valued.

At Archibald we strongly believe that safeguarding is everybody's business and fully acknowledge that it can happen within our community.

We have clear procedures in place which are followed by each member of staff to ensure that children receive effective support, protection and justice.

The Head Teacher is the named contact for all safeguarding concerns. There are also Deputy Designated Safeguarding Leaders in school.

### Talents and Achievements

We recognise that we have children with particular talents. Within school we aim to challenge all children to reach their full potential and celebrate their individual talents and achievements.

### We hope you find the information within this prospectus helpful.

Please feel free to contact us with any further questions.
Contact details can be found on the introductory page.

### **Medicines**

We need to know of any medical conditions that children have. Any parent who wishes a child to attend school and be given medication during the school day must make an appointment to come into school and complete a Health Care Plan. All medicines, including inhalers and spacers MUST be in their original containers with the patient's name, dosage and frequency, date prescribed and the date of expiry.

### Emergency and Accidents

We require two telephone numbers on which you can be contacted in the event of an emergency or if your child is unwell.

If this information changes, please inform the school office as soon as possible.

### End of the School Day

The school day ends at 3.15pm. Children should be collected on time.

If your child is to be collected by another adult, please fill out a yellow slip at the school office or email the office team to keep us informed.

For safeguarding, if we have not been informed we will keep your child safely with us until you can be contacted.

Children should also be collected by a responsible adult (aged 18 or over).

### Special Educational Needs and Disability

Children with Special Educational Needs and Disability will be identified as soon as possible and offered appropriate support.

This will be organised by our Special Educational Needs and Disabilities Leader and your child's Class Teacher. They will discuss your child's needs with you. Information relating to the school and Local Authority SEND offer can be found on our website.

If your child is not making the expected progress for any reason, we may involve outside agencies including the Educational Psychologist for further advice.

At all stages there will be full consultation with you.

The school follows the Special Needs and Disability Code of Practice Special Educational Needs and Disability (SEND 2015), which may be viewed on request. Up to date information can be found on our website.

### Health and Welfare

The School Health Service regularly reviews your child's health and progress.

Children's height, weight, sight and hearing will be checked and any appropriate advice will be shared with you. School health can be contacted via the school office.

Your child will be tested for sight and hearing and you will be given the appropriate advice.

Speech therapists work closely with teachers and doctors to help children who may have speech difficulties.

### School Meals

Children may have either a school meal or bring a balanced packed lunch.

Dinner money must be paid in advance through Parent Pay, either weekly, half termly or termly. If arrears occur we will contact you to let you know that a packed lunch will need to be provided.

At meal times a drink of water is provided for all children.

The school meal or packed lunch pattern is for the whole school week. If you wish to change, two weeks notice must be given to the school office.

As we are a Healthy School, we strongly encourage parents to consider this when preparing a healthy packed lunch: sweets, fizzy drinks, glass bottles, chocolate spread and peanut butter are not permitted in packed lunches.

We also strongly advocate environmentally friendly choices such as reusable water bottles, fruit and sandwich containers and metal cutlery.

From Year 1 onwards, children select their own meal at morning registration which ensures each child receives the lunch of their choice.

The best table manners, including using cutlery correctly, are expected of all the children. Our high expectations of appropriate behaviour continue throughout the lunchtime period.

### Free School Milk

Children aged 4 years and under receive milk in school.

### Universal Infant Free School Meals (UIFSM), Free School Meals (FSM) and Pupil Premium (PP)

Universal Infant Free School Meals and Free Schools Meals are different.

As part of a Government initiative all pupils in Reception and Years 1 and 2 are eligible to receive a hot free school meal (UIFSM).

Parents are entitled to claim Free School Meals (FSM) for their children if they receive specific benefits. Please speak to the school office or contact the Local Authority through their website.

It is therefore very important that, regardless of your child's age, you do register for free school meals as this information is also used to assess whether your child is eligible for additional funding known as Pupil Premium Funding.

For each child registered, school receives the additional funding which is used to fund valuable support for those children, such as additional support staff, extra tuition, enrichment activities, school visits or clubs.

Even if you wish your child to have a packed lunch, please register via school or Newcastle Local Authority by visiting their website https://www.newcastle.gov.uk/services/schools-learning-and-childcare/help-school-and-learning-costs/apply-free-school-meals.
